

## Castelo do Bode - The dam

From Tomar half way to Abrantes, the large dam of Castelo de Bode lies between hills covered with pines and eucalyptus. It is an impressive construction made in the fifties.

From its top you'll have a very impressive view of both the river and the beautiful blue lake.

“Albufeira of Castelo do Bode” is a place of election for recreation and leisure activities, enjoyment with the nature and for the practical one of nautical sports. The “Albufeira” really provides a magnificent landscape which is worth seeing.
