

Casa do Pimenta

ID: ATR005

Pimenta's house is 10km from Tomar. It is situated on steep grounds, full of trees and plants, which end in the clean blue waters of a lake. The **house is placed 20m from the lake** and from your living room terrace you can enjoy the lake's calm waters of which your eyes can't see the end. In the lake you have a **raft** that you can use to jump into the water as well as to sun bath.

Besides all the attractions found in the region you might simply prefer to enjoy the blue waters of the lake or use the time to take long walks along the shore line or in the **woods**.
